

CSU NMR Facility Teaching Course Authorization Form

Updated January 25, 2023

- All teaching courses using NMR will be assisted by the NMR Center TA but not the teaching course TA.
- Faculty or TA **in charge of** the teaching course must complete the **CSU NMR Facility User Authorization Form** with account information, NMR time and NMR experiment information and bring it to the NMR Center Staff for approval (first) and for reserving NMR experiment time.
- All Teaching NMR experiment time should be reserved at least two weeks before NMR experiment day.
- Faculty or TA **in charge of** the teaching course must provide detail NMR experiment information planned in the Syllabus to the NMR staff when reserving NMR time.
- Faculty or TA in charge of the teaching course should provide the NMR samples with NMR tubes and NMR solvents related to the NMR experiment planned.
